Business

Since its founding 120 years ago, Matot, Inc. has manufactured the highest quality, commercial grade lift solutions in commercial, healthcare, industrial and residential environments. Centrally headquartered in Chicago and serving clients in the U.S. and worldwide, Matot has a distinguished history of customer satisfaction. Matot's collaborative approach ensures the right solution for each client.

Matot Promises: Quality, Dependability, Distribution.

Quality: Matot backs each of its commercial grade lift solutions with a team of engineers, customer service personnel and highly qualified regional distribution representatives, all committed to the highest level of customer satisfaction.

Dependability: Matot's team commitment to product excellence and customer service is embedded in 120 years of reliable service. Matot delivers what customers need, when they need it.

Distribution: Matot has an established worldwide network of distribution partners dedicated to installation excellence and local, on-site support. Matot will recommend a local distributor in customers' areas or work directly with preferred contractors.
